

# The Solution for the Future

## Cleantraxx<sup>®</sup>

**HERBICIDE**

Cleantraxx<sup>®</sup> herbicide offers pre-emergence and early post-emergence control of broadleaf weeds and annual grasses, as well as certain woody brush seedlings. It is an excellent tank-mix partner for a variety of applications such as Total Vegetation Control (TVC) and selective weeding. Cleantraxx brings unique chemistry to the vegetation management industry which helps with weed resistance programs.

### Benefits

Pre-emergence or early post-emergence control of many annual grasses and more than 65 broadleaf weeds including glyphosate resistant marestail and fleabane:

- Excellent tank-mix partner for total vegetation control and selective weeding treatments
- Season-long control at application rates of 3 to 4.5 pints per acre
- Two modes of action for enhanced weed resistance management
- "Caution" signal word
- Available in 2.5-gallon containers and several custom blending options through the Continuum<sup>®</sup> Prescription

Active Ingredient	Mode of Action	Site of Action
Penoxsulam	ALS inhibitor	Group 2
Oxyfluorfen	PPO inhibitor	Group 14

### Use Sites

Non crop areas including non-food producing, non-cultivated agricultural or non-agricultural areas such as roadside, railroad, and utility rights-of-way; industrial sites; tank farms; storage areas; airports; solar or wind energy fields; oil or telecommunication pads blending options through the Continuum<sup>®</sup> Prescription Control & Container Management System.

### Application Types

Total vegetation management and selective weeding programs.

WEEDS CONTROLLED	
Pre-emergence	Post-emergence
Barnyardgrass <sup>3</sup>	Balsamapple
Bindweed, Field <sup>3</sup>	Barnyardgrass
Camphorweed	Fieldbindweed <sup>3</sup>
Cheeseweed (Mallow)	Cheeseweed (Mallow)
Crabgrass	Cocklebur, Common
Cudweed	Cudweed, Narrowleaf <sup>2</sup>
Evening-Primrose, Cutleaf <sup>1</sup>	Evening-Primrose, Cutleaf <sup>1</sup>
Fleabane, Hairy	Fleabane, Hairy
Groundcherry, Cutleaf	Groundcherry, Cutleaf
Jimsonweed	Groundcherry, Wright
Lambsquarters, Common	Jimsonweed
Marestail/Horseweed	Lambsquarters, Common
Nightshade, Black	Marestail/Horseweed
Pepperweed, Virginia	Morningglory, Annual
Pigweed, Redroot	Nightshade, Black
Poinsettia, Wild	Pepperweed, Virginia
Ryegrass <sup>3</sup>	Pigweed, Redroot
Sida, Prickly	Poinsettia, Wild
Smartweed, Pennsylvania	Purslane, Common
Sowthistle, Annual	Ryegrass <sup>3</sup>
Sowthistle, Perennial <sup>2</sup>	Sesbania, Hemp
Spurge, Prostrate	Shepherd's-Purse
Spurge, Spotted	Sida, Prickly (Teaweed)
Thistle, Russian*	Smartweed, Pennsylvania
Velvetleaf	Sowthistle, Annual
	Thistle, Russian*
	Velvetleaf

<sup>1</sup>Highest rate and/or multiple applications may be required for acceptable control.

<sup>2</sup>Maximum 0.5 inch diameter

<sup>3</sup>Suppression

\*AZ and CA only
