Aquatic Herbicide

FA&B

Features, Advantages & Benefits

Nautique Aquatic Herbicide

Nautique is a fast-acting, economical herbicide that provides localized control of nuisance and exotic plants with no use or irrigation restrictions and minimal risk to the environment. This copper-based herbicide works on contact for spot and local treatment of tough weeds like hydrilla, egeria and southern naiad. Nautique is formulated with 9% chelated copper and is the most concentrated chelated copper herbicide available. It may be used in lakes, rivers, reservoirs, ponds, potable water sources, crop and non-crop irrigation systems (ditches, canals and laterals), fish, golf course, ornamental, swimming and fire ponds and aquaculture including fish and shrimp.

<p>Feature Highest-concentration copper herbicide available.</p>	<p>Advantage Nautique has a higher active ingredient than any other copper herbicide on the market.</p>
<p>Benefit: Applicators can often use less formulated product. Nautique carries no water use restrictions—the waterbody is available for swimming, fishing, irrigation and watering livestock immediately after use.</p>	
<p>Feature Tank mix compatibility with other herbicides, especially SePRO's Sonar.*</p>	<p>Advantage The herbicides work together for an optimal attack on the target weeds.</p>
<p>Benefit: Maximizes Nautique's efficacy and quick action—complete results are achieved in 3 to 4 weeks.</p>	
<p>Feature Nautique has no irrigation restrictions.</p>	<p>Advantage The treated water is safe for immediate irrigation use on crops, turf and ornamental plants.</p>
<p>Benefit: Golf course superintendents, crop farmers and greenhouse managers do not have to wait to use irrigation pond water after a Nautique treatment.</p>	
<p>Feature Nautique can be applied in a wide variety of use sites.</p>	<p>Advantage Excellent for use in unique situations such as murky water and partial lake, shoreline and spot treatments.</p>
<p>Benefit: Nautique is the best product available when fast knock down of nuisance aquatic vegetation is needed. It can be applied in every situation from lakes, ponds and rivers to dock areas and boat ramps.</p>	

SePRO Corporation

SePRO Corporation is a national organization with a full line of products devoted to aquatic ecosystem restoration.

A carefully-prescribed aquatic plant management plan featuring the use of SePRO herbicides—backed by a thorough research and development department and a hands-on team of knowledgeable Aquatic Specialists—makes water usable for recreation, brings the fish population back into balance and restores property values.

<p>Feature SePRO has more Aquatic Specialists throughout the U.S. than any other aquatic product company.</p>	<p>Advantage SePRO products are supported by sound technical advice from field experts familiar with native and exotic vegetation.</p>
<p>Benefit: SePRO Aquatic Specialists work with applicators in your area to prescribe a treatment plan unique to your aquatic weed or algae problem. The treatment strategy is backed by years of thorough research, field-trial studies, a high degree of product knowledge and a proven track record.</p>	

<p>Feature Research and Development.</p>	<p>Advantage Ongoing research and development efforts work to advance the science of aquatic weed control with the latest product technologies.</p>
<p>Benefit: Comprehensive research in the laboratory and field allows SePRO to demonstrate results and maximize each product to its potential. Dedication to actively seeking new products makes SePRO a world leader in advancing the science of aquatic plant management.</p>	

<p>Feature Cooperative research and regulatory efforts and consistent interaction with state regulatory agencies.</p>	<p>Advantage SePRO is recognized by state agencies as a committed, reliable partner.</p>
<p>Benefit: SePRO brings a track-record of long-term aquatic habitat restoration in accordance with local guidelines. SePRO specialists are available to assist with regulations and permitting to expedite the rehabilitation of your waterbody.</p>	

<p>Feature Preferred Applicator Program.</p>		<p>Advantage SePRO has partnered with a nation-wide team of elite aquatic applicators to build an alliance of dedicated professionals well-trained in the effective use of SePRO aquatic plant management products.</p>
<p>Benefit: SePRO Preferred Applicators throughout the U.S. possess insider knowledge of SePRO's products and services. The partnership between SePRO and its Preferred Applicators ensures that the right tool will be used to its potential for the right job.</p>
